ANNUAL GENERAL MEETING

Draft of the MINUTES of the Annual General Meeting of the International Table Tennis Federation held at the Busan Exhibition and Convention Center (BEXCO), Busan, Korea Republic, in a hybrid format on Tuesday, 27th February 2024, starting at 10:00 KST (02:00 CET).

1. President's Welcome and Opening Address

The ITTF President and IOC Member Ms Petra SÖRLING, welcomed the persons in attendance, expressing her heartfelt gratitude and congratulations to Mr RYU Seung-Min, the LOC, and local authorities, for the fabulous World Championships just completed two days before, for the first time in the Korean Republic.

Ms SÖRLING also congratulated Team China and its President, Mr LIU Guoliang, for their excellent performance, retaining both Men's and Women's titles.

Ms SÖRLING evoked the incredible performances of the table tennis players during the last two weeks, describing them as inspirational.

The President also reflected on the team format of the WTTC held in Busan, in which no individual player can win a match for their association as a standalone person. Ms SÖRLING then compared the teamwork needed in a match with the role of the AGM and the importance of a collaborative approach, fostering unity and harmony, for the betterment of the sport worldwide.

Ms SÖRLING reflected on her first three years as ITTF President and declared that following a period marked by the pandemic first, and by geopolitical tensions later, after having visited all five continents, the Summits are the result of listening to the Membership.

Ms SÖRLING emphasised her commitment to bringing the table tennis family back together, even closer, considering this effort never ends.

Ms SÖRLING highlighted the key events over the last three years, including the WTTC Finals Chengdu 2022, the only international sporting event held in China other than the Beijing 2022 Olympic and Paralympic Games, the growth of the ITTF budgets, doubling from pre-pandemic times, or the rapid penetration of the Esports, to which the ITTF is quickly adapting by having called already for the first World Esports Table Tennis Championships to be held in 2024.

The AGM noted the reflection on the work done behind the scenes, of which the above are just the highlights; looking ahead to 2024, a year which will include three Grand Smashes, and more WTT Champions events, considering that Busan 2024 has been a fantastic start.

A record number of events, including the Olympic and Paralympic Games, are planned for 2024, and Ms SÖRLING confirmed ITTF's commitment to work on an earlier publication of the calendar for 2025, being convinced that WTT will be successful, as it is already undeniable the positive results that this new structure is bringing for our sport, remaining confident on WTT's success, and the benefit it will bring to the Member Associations.

Ms SÖRLING concluded by adding that teamwork is essential to winning, but so is keeping the momentum our sport is living, growing, and raising, encouraging everyone to continue the journey for many more years to come.

2. Host Welcome and Opening Address

Ms SÖRLING gave the floor to Mr RYU Seung-Min, co-chair of the LOC, KTTA President, EB Member, and IOC Member, who addressed the AGM.

In particular, Mr RYU thanked the ITTF President, the ITTF Family, Staff, Busan Metropolitan City, BNK Busan Bank, and all sponsors who contributed to the event's success.

Mr RYU continued, indicating that a significant commitment was made to ensure that sustainability values were integrated into the event planning and implementation.

Mr RYU reported that 30,000 tickets were sold, achieving the initial target, and he highlighted the TV broadcasting figures in Korea and worldwide, particularly through CCTV in China.

Mr Zurabi BERUKASHVILI, delegate of GEO, asked about specific projects accomplished since the Bangkok AGM and about some of the existing KPIs in the current SP, such as the implementation of Table Tennis Academies or Development Centres.

Mr DAINTON provided feedback indicating that the restructuring was a necessary initial step to adapt to the post-pandemic situation and that some of the big projects, such as the Academies, were halted by the outbreak of the pandemic. However, they are being reconsidered in the coming period.

Mr Hassan MUNIR, BAN delegate, highlighted that although high-performance centres are needed, equipment is the main necessity, particularly for less developed countries.

Mr DAINTON agreed that this is currently a high priority and one of the areas that has been restructured since the autumn of 2023.

Mr Mikael ANDERSSON, ITTF Sports Development Director, added that shipment and logistics have been an issue during the pandemic and post-pandemic period, hoping the situation will improve in 2024, and pending equipment packages will be progressively distributed in the coming months, citing, for the case of Bangladesh, the potential collaboration to be established with the ATTU, which Mr AL-MOHANNADI confirmed.

Mr George KOPALY, delegate of LBN, thanked WTT and its CEO, Mr DAINTON, for the efforts being made, hoping for the table tennis product to be improved to be more appealing from the marketing point of view.

The AGM noted the financially challenging situation of 2023, being the first post-COVID-19 year, the slow progress that was seen in the calendar due to several factors, including inflation and uncertainty, and evoked the already mentioned restructuring that was made.

On the other side, Mr DAINTON highlighted the public recognition of the Singapore Smash as the best sport event in Singapore in 2023, the first WTT Champions held in Frankfurt, the first WTT Contender events held in new countries, such as South Africa, Jordan, India, Nigeria, Brazil or Türkiye, and the already mentioned record number of WTT Youth Series events across all five continents, as some of the highlights.

In the area of investment, Mr DANTON referred to the first minority shareholder agreement made in 2022 with World Sports, with whom ITTF and WTT are strengthening relations, and the interest being shown by several potential investors in WTT.

Mr DANTON invited Ms Nicole CHEN, Chief Operating Officer of World Sports, to provide an update on what WTT and World Sports have done, particularly in China, the biggest table tennis market in the World, since WTT and World Sports collaboration started.

Ms CHEN referred to the evolution from the inaugural WTT test event held in Macao in 2020 to the most recent events, which clearly show the progress being made. The AGM noted that in the past four years, a total of 18 events were hosted in China, highlighting the Mixed Team World Cup held in Chengdu.

Ms CHEN referred to the financial evolution, with 34 USD million income for WTT in China, the spectators' impact, with almost 200,000 fans watching events onsite in 2023, the TV impact, with 546 hours of total broadcasting in 2023, 240 million views for a single match, and a cumulative reach of 2 billion TV spectators in the year, corresponding to a quarter of the Earth population.

Regarding social media, Ms CHEN reported on the 3 million followers of WTT's account on Weibo and highlighted that 6 of the top 10 sporting personalities in 2023 are from table tennis.

To conclude, Ms CHEN referred to the different cooperations with fourteen brands over the last few years, referring to Mr LIU Guoliang's motto: "Table Tennis of China shared by the World", thanking the ITTF, WTT, and the Member Associations for the excellent cooperation, and inviting the delegates to witness the upcoming WTT Grand Smash in China.

Mr DANTON then presented the WTT calendar for 2024, which includes the first Saudi Smash, the first WTT Champions event in the Korean Republic, and more Feeder and Contender events. The AGM noted that the more stable calendar will help improve the financial situation, allowing WTT to focus on a strategic review for the next phase of growth.

Mr DANTON continued showing some key milestones such as the increase from 5.3 million USD prize money in 2019 to over 10 million USD prize money in 2024, the introduction of free hospitality for WTT Champions & Grand Smashes, something that didn't exist before WTT, a full-time physio onsite, available at no cost for the athletes, higher and consistent service levels across all WTT events, or the incorporation of a dedicated players relations Director.

Mr DANTON referred to partnerships, which saw a 22% growth in sponsorship value, and media, which saw an 84% growth in media rights value and hoped for 2025 to be a year with a full calendar, including all four Grand Smashes. He ended his presentation thanking the WTT Board members, Mr LIU, Mr AL-MOHANNADI, and Mr LEI, and ITTF's President, Ms SÖRLING, who joins all WTT Board meetings, for their support during the entire year.

Ms SÖRLING highlighted the TV viewership figures presented by Ms CHEN, and the fact that the top sport personality trending on social media in China is a female table tennis star, Ms SUN Yingsha.

Mr Sajad BAQIR, delegate of OMA, asked about the calendar, and Mr DANTON indicated that the strategic calendar 2025-2028 will be reviewed soon to ensure its sustainability. It is hoped that in the future, the different players, depending on their sporting level, will target different tiers of events.

Mr Joe CARRIM, delegate of RSA, asked in relation to broadcasting events agreements, particularly with SuperSport, and Mr DAINTON indicated that this will be followed up.

ITTF Council Member Ms Claude BERGERET congratulated WTT on the increase in prize money for the athletes and asked about the benefits for MAs. Mr DAINTON indicated that this will depend on the type of engagement of the MAs in organising events, but also that in the long term, when WTT is profitable, the ITTF, as the majority shareholder, may be able to distribute part of its benefits to the Members in different ways.

Mr KOPALY recommended exploring agreements with airlines.

10.3 ITTF Foundation

The AGM noted the update on ITTF Foundation activities in 2023 by its Managing Director, Leandro OLVECH. Mr OLVECH referred to the annual report published on the ITTF Foundation website, highlighting the already mentioned World Table Tennis for Health Festival, of which a video was displayed.

Mr OLVECH presented on the three activities held under the World Table Tennis for Health Festival umbrella: the World Parkinson's TT Championships, the World Alzheimer's TT Championships and the World TT for Health Congress, indicating that the 2024 edition already has a host secured in France, for which an sponsorship has already been also secured, and informed that the expressions of interest for the 2025 can be already submitted.

Mr KOPALY asked if there had been any analysis on the impact of Esports Table Tennis on people suffering from Alzheimer's or Parkinson's. Mr OLVECH indicated that although no studies have been completed to date, exploring and investigating all areas in which Table Tennis is involved, including Esports, is one of the aims of hosting the World TT for Health Congress, bringing scientists to discuss our sport.

10.4 Paris 2024

The AGM noted the presentation of Paris 2024 made by Gilles DE LA BOURDONNAYE, Table Tennis and Para Table Tennis Sport Manager for the Paris 2024 Olympic and Paralympic Games.

Mr DE LA BOURDONNAYE started by thanking the ITTF for the continuous collaboration on the lead-up to the Games. He reported that during the last two years, both ITTF and Paris 2024 have been working together to ensure the best possible delivery of the Games.

The report included two main areas: a general Paris 2024 update and an overview of Table Tennis and Para Table Tennis.

The AGM noted the three main pillars of action focus: the athletes, as the core of the Games, the Games as a tool for a (positive) change in lives, and the celebration “*Paris est une fête*” (“Paris is a party”) around the city.

Mr DE LA BOURDONNAYE reported a total of 7.8 million tickets have been sold to date, being ahead of the projections, presented the Olympic and Paralympic Medals, whose designs were released worldwide on 8th February 2024, and provided an update on the progress of the Olympic Torch relay, expected to arrive to Marseille, France, on 8th May 2024, coming from Greece. The “Ping Tour” will include 38 stages and aim to promote table tennis across the country.

The AGM noted the progress report about the construction of the Olympic and Paralympic Village, highlighting its sustainability qualities, with over 30% smaller carbon footprint than regular commercial constructions of the same type. He added that after the Games, starting in 2025, the area will become a residential area for over 6000 people, families, and students, including shops, offices, and services, and over nine thousand trees will be planted in the area.

The AGM also noted the progress report on the look of the Games since the last presentation in Bangkok, as well as the field of play (FOP) design.

The Table Tennis equipment to be used, courts, balls, and tables, were shown, as well as the Table Tennis pictogram, and other branded elements, such as the technical officials’ clothing and other apparel.

Mr DE LA BORDONNAYE then presented the key figures of table tennis at the Olympic and Paralympic Games (OG, PG), which will have 172 athletes at the OG, 280 at the PG, and 49 and 42 officials, respectively.

The travel routes from the Olympic and Paralympic Village were also presented, and it was also confirmed that the technical officials’ hotel will be within walking distance from the venue.

Mr DE LA BOURDONNAYE confirmed that over 6000 spectator seats will be made available for the public during the Games, around a competition area that will display four tables for the OG and six tables for the PG, with all finals being played on one table. This will allow spectators and broadcasters to follow them all ². Details on the number of tables for both warm-up and practice were given, as well as on the work done to enhance the lighting and the air flow control from the air conditioning.

In terms of innovation, Mr DE LA BOURDONNAYE referred to a major ambition developed in partnership with Olympic Broadcasting Services (OBS). It consists of a multi-cam replay and an AI tool for ball tracking on court 1, which will be used for the first time ever in Table Tennis at the Paris 2024 Olympic Games.

² For the first time in Paralympic Games, as previous editions had several finals played simultaneously with others.

To conclude his presentation, the AGM noted the detailed competition schedule, with 36 sessions at the OG and 20 sessions at the PG, presented by Mr DE LA BOURDONNAYE.

Ms SÖRLING thanked Mr DE LA BOURDONNAYE for his report, and passed the word to Mr CALIN, who highlighted that Mr DE LA BOURDONNAYE is not just “a Paralympian” but in fact, a three-time Gold Medallist at the Paralympic Games, a three-time Gold Medallist at the World Para Championships, and a multiple-time medallist at both World and Continental Championships. Mr CALIN expressed his appreciation on behalf of the ITTF staff and technical delegates for Mr DE LA BOURDONNAYE’s excellent cooperation over the last two years.

In relation to equipment, Mr DANTON indicated that the ITTF may assist in facilitating contact with the three appointed sole suppliers: Double Happiness for the tables, Double Fish for the balls, and Enlio for the flooring.

Mr BERUKASHVILI asked about the growth of the development funding in the past ten years, which is approximately 25% (from 1.6 to 2.0 million US), compared to the growth of income, which has moved from 10 to 40+ million USD.

Dr MESHREF highlighted the priority that Development is one of overall ITTFs priorities, adding that while it is true that the income has grown significantly, also the expenditure has done in similar pace, and with the projections for WTT to become profitable in 2025, it will be up to the newly elected Board to be able to increase Development funding as budgets and forecast were not making it viable in the first years of WTTs creation. Dr MESHREF added that while other areas saw adjustments during the post-pandemic period, Development funds were always protected, as a key investment area.

13. Annual Reports from the Continental Federations

14. Annual Reports from the Secretary General, Continental Council, Integrity Unit and Tribunal

The AGM adopted the following reports:

- 14.1 ITTF Secretary General (document C2)
- 14.2 ITTF Continental Council (document C3)
- 14.3 ITTF Integrity Board (document C4)

Mr Enric RIPOLL, Chair of the Integrity Board (IB), took the floor, thanking the ITTF family and the LOC in Korea for the work done to assemble the WTTC Finals and the Summit. He highlighted that, as can be appreciated in the IB report, while the Integrity Unit (IU) led by Mr Kevin CARPENTER is doing an incredible job, more resources are needed to accomplish the work, ensuring that prevention is enforced. As in the previous year, Mr RIPOLL clarified that due to the nature of the work being done, no specific details are made publicly available about ongoing cases being handled. However, he and the rest of the IB and the IU remain available for any questions or concerns.

Mr Emad HUSSAIN, delegate of IRQ, asked for details about the dismissed or closed cases, as the report only speaks about open cases, and why, in some cases, the names of respondents are reported, while in other cases, Mr RIPOLL refers to confidentiality reasons not to disclose details. Mr HUSSAIN further asked what the criteria are to prioritise cases, adding that there are very important cases, such as those of sexual harassment, which can take two or three years to be resolved. In contrast, other less important cases (according to Mr HUSSAIN) are solved earlier.

Mr RIPOLL responded, on the first question, that when cases are made public by public authorities, there is no reason to keep them confidential any longer in the AGM report, as they are already of public knowledge, while about the prioritisation of the cases, the IU and the IB are working on a prioritisation model to be made available, so the ITTF family may understand priorities and urgencies. Mr RIPOLL provided the example of the case in an Olympic Qualification event, which would need resolution faster, not meaning that other cases are less important, but that, with the available capabilities, priority has to be given to cases which need urgent resolution.

Mr RIPOLL aimed for the possibility to provide a response to any new case within a week, but added that at the moment, that's not realistic.

Ms SÖRLING thanked the IB and the IU for the great work they are doing under difficult circumstances due to the lack of resources, confirming that the EB confirmed an increase of budget for the IU⁸.

- 14.4 ITTF Tribunal (document C5)

Mr IBARROLA added to his written report that although there were only two cases in 2023, the ITTF Tribunal had already opened two cases in the first two months of 2024, which is also normal in an Olympic year. He also commented that with the mediation rules being adopted at the ITTF Council the previous day, the ITTF Tribunal will look at their implementation when appropriate.

⁸ The budget increase was confirmed in the joint meeting of the EB and the IB two days prior.

15. Annual Reports from Committees

The AGM adopted the following reports:

15.1 Equipment Committee (document D1)

15.2 Masters' Committee (document D2)

15.3 Nominations Committee (document D3)

Mr Abulla AL-MULLA, Chair of the Nominations Committee (NC), thanked ITTF's Senior Management, led by the ITTF President, EB, CEO, Secretary General, and all Chairpersons of the Committees, for their contribution and cooperation with the NC, as well as the NC members for their open-hearted discussions and collaboration with each other. He also expressed his thanks to Mr Dylan MAH for his support of the NC.

15.4 Para Table Tennis Committee (document D4)

15.5 Rules Committee (document D5)

Mr SPORRER highlighted the existence of two unpleasant conflicts with the ITTF Constitution since the AGM held in Bangkok in August 2023 regarding the composition of the Rules Committee: i) the committee being reduced by one member without explanation, and ii) the committee not having the minimum quota of 25% female full members, despite enough female candidates being made available. Mr SPORRER added that, unfortunately, in 2023, for the first time, Committee Chairs were not informed in advance about the proposed new committee members, with the information being made available just shortly before the voting in the AGM screens. Mr SPORRER concluded, indicating that he had hoped those reported constitutional conflicts would have been resolved earlier, but that has not been the case, unfortunately.

Ms SÖRLING thanked Mr SPORRER for his report, indicating that the points mentioned will be addressed to the NC.

15.6 Sports Science and Medical Committee (document D6)

15.7 Sustainability Committee (document D7)

15.8 Umpires' and Referees' Committee (document D8)

16. Ratification of the Work Done by the ITTF Council (IC) and the Executive Board (EB)

2024-02-27-AGM-07 (simple majority required)

The AGM ratified the work done by the ITTF Council and the Executive Board since the last Annual General Meeting.

81 valid votes. 78 votes in favour. 3 votes against. 96.30 % in favour (3 abstentions).

The President thanked the Delegates for their trust in the work of the ITTF Council and EB and moved to the next point on the agenda.

17. Governance Review Report

Mr CALIN thanked all delegates who attended the Governance Session on Friday, February 23rd, and also thanked the positive feedback received about the Session's format and content.

Mr CALIN echoed Mr IBARROLA's comment on introducing mediation as a method of conflict resolution, fostering dialogue to settle disagreements.

Mr CALIN added that the ITTF has recently submitted the responses to the 5th ASOIF self-assessment questionnaire on good governance, the results of which will be made available in May-June 2024.

Mr OSHODI added that the aim of the ITTF in the coming years will be to cascade down these enhancements, reforms, and reviews in the ITTF regulations to the continental federations and member associations. Mr OSHODI complemented, adding that to achieve it, the ITTF would expect the Member Associations' cooperation in reviewing their constitutions, but also being aware of the different levels of professionalisation and regulation in the different countries, this exercise would need a sensible approach.

18. Propositions and Resolutions

The AGM considered the following propositions ⁹, requiring a **2/3 majority** of the votes cast:

19. Future World Championships

19.1 Deadline for 2027 World Championships Finals Bids

19.2 Deadline for 2028 World Championships Finals Bids

19.3 Deadline for 2029 World Championships Finals Bids

The AGM noted that the deadline for bids to host the 2027, 2028, and 2029 World Table Tennis Championships Finals will be 31st March 2025.

2024-02-27-AGM-12

The deadline to present the final bids to the 2027, 2028, and 2029 editions of the ITTF World Table Tennis Championships Finals was established on 31st March 2025. 2024-02-27-AGM-12.

20. Next General Meeting

The AGM noted that the 2025 ITTF AGM will be held on Tuesday, 27th May 2025 in Doha, Qatar.

2024-02-27-AGM-13

The next ITTF Annual General Meeting was announced to be held on Tuesday, 27th May 2025,¹⁰ in Doha, Qatar.

21. Any Other Business:

- 21.1 Mr Robert JJAGWE, delegate of UGA, thanked the EB for the appointment to the Business Development Unit and encouraged the MA representatives to work with the Unit to try to generate more development resources, but also to share ideas of development models that can work in their countries and that can be implemented in others.

¹⁰ However, the EB subsequently decided that the 2025 ITTF AGM will be held on Tuesday, 27th May 2025, following the agreement made with the Qatar Table Tennis Association for the ITTF World Table Tennis Championships Finals – Doha 2025 to be held from 17th to 25th May 2025.

- 21.2 Ms Heike AHLERT, ITTF Council Member, referred to the comment of Mr KOPALY during the discussion of the proposition A-01, when he indicated that ITTF Council Members are there only to socialise, considering that such a comment is an offense to the persons that are working hard in the Council. Ms AHLERT took the opportunity to thank KTTA for the wonderful Championships, and to the ITTF for the organisation of the ITTF Summit, understanding the complexity and heavy load, particularly for the staff, when the WTTC is running in parallel.
- 21.3 Mr MUNIR thanked Mr AL-MOHANNADI for the support that ATTU has given to every region in Asia.
- 21.4 Mr KOPALY thanked KTTA for their impressive way of organising the WTTC, to the ITTF for the guidance and job done to make it happen. Also, Mr KOPALY apologised if Ms AHLERT felt offended personally for his comment, indicating that it was not his intention. He added that in Bangkok he felt being useless as an ITTF Council Member, and wanted to resign, considering the ITTF Council is not doing anything. Mr KOPALY suggested that perhaps securing a place for each continent in the EB, could be an alternative model of Governance (to the existence of the ITTF Council), asking the ITTF to think about it.

22. Adjournment:

Ms SÖRLING gave the floor to Mr LIU Guoliang, ITTF Deputy President, to give his closing remarks.

Mr LIU thanked Ms SÖRLING and Mr RYU for organising and hosting the WTTC and Summit and all delegates from across the World for their dedication and active participation.

Mr LIU considered the excellent organisation of the WTTC to have permitted the athletes to showcase the best of our sport, and organisations as such elevate the positioning of our sport.

To conclude his remarks, Mr LIU added that these events have once again shown the strength and unity of our sport, thanking everyone for their continuous support.

Ms SÖRLING thanked Mr LIU for his closing remarks, the delegates for the fruitful discussion, and thanked the ITTF staff for making the Summit possible despite the ongoing WTTC, asking the delegates to give them a warm applause.

Not having any further business, the meeting was adjourned at 18:00 KST (Busan time).

PROPOSITION A-01 – DEFEATED

Proposition A-01

(2/3 majority required)

Proposed by the Continental Federation of the Americas (ITTF Americas)

To amend Article 1.60:

To amend Constitution Article 1.60 to ensure that from the nine persons elected by the AGM (1 president and 8 vice-presidents), there are no more than 6 persons from the same gender. For example: 6 men and 3 women, or 5 men and 4 women. A minimum of 3 women should be elected by the AGM.

Rationale:

At the ITTF Summit 2023 in Bangkok we learnt how important is to secure at least 30% female representation in the Executive Board. Having 1 president and 8 Executive Vice-Presidents, ITTF should ensure that at least 3 women are elected among the 9 positions.

PROPOSITION A-02 – DEFEATED

Proposition A-02

(2/3 majority required)

Proposed by the Continental Federation of the Americas (ITTF Americas)

To amend Article 1.60:

To amend Constitution Article 1.60 to ensure that from the nine persons elected by the AGM (1 president and 8 vice-presidents), there are no more than 2 elected persons from each continent (Africa, Asia, Europe, Pan America, and Oceania).

Rationale:

It is important to add diversity to the Executive Board, ensuring that all continents are represented in a balanced manner.

There should be, among the 9 representatives elected at the AGM, no more than 2 per continent. For example, 2 from Africa, 2 from Americas, 2 from Asia, 2 from Europe, and 1 from Oceania.

PROPOSITION A-03 – PASSED

Proposition A-03

(2/3 majority required)

Proposed by the Member Association of BRA (Brazil)

To amend 1.96.1:

1.96.1. The correspondence and proceedings of the ITTF shall be conducted in English or in such languages convenient for appropriate tasks and within the resources of the ITTF as may be determined from time to time by the ITTF Council, having particular regard to Arabic, Chinese, French, German, **Portuguese**, Russian, and Spanish.

Rationale:

The Portuguese is an official language of Portugal, Brazil, Cape Verde, Angola, Mozambique, Guinea-Bissau and São Tomé and Príncipe, while having co-official language status in East Timor, Equatorial Guinea, and Macau.

PROPOSITION A-04 – WITHDRAWN

Proposition A-04

(3/4 majority required)

Proposed by the Rules Committee

To amend 2.1.4 and 2.1.6:

- 2.1.4 The playing surface shall be uniformly dark coloured and matt, but with a **white** side line, 2 cm wide, along each 2.74 m edge and **a white** an end line, 2 cm wide, along each 1.525 m edge; **these lines shall be of the same bright colour and clearly different from the colour of the playing surface.**
- 2.1.6 For doubles, each court shall be divided into 2 equal half-courts by a **white** centre line **of the same colour as the side lines**, 3 mm wide, running parallel with the side lines; the centre line shall be regarded as part of each right half-court.

Rationale:

After a largely positive feedback on coloured table lines at WTT events (on experimental basis), such option of a new perhaps more attractive design should be implemented into the Table Tennis Laws.

PROPOSITION A-05 – PASSED

Proposition A-05

(3/4 majority required)

Proposed by the Equipment Committee and the Rules Committee

To amend 2.4.3:

2.4 THE RACKET

2.4.3 A side of the blade used for striking the ball shall be covered with either ordinary pimped rubber, with pimples outwards having a total thickness including adhesive of ~~not more~~ less than ~~2.0mm~~ 2.05mm, or sandwich rubber, with pimples inwards or outwards, having a total thickness including adhesive of ~~not more~~ less than ~~4.0mm~~ 4.05mm, subject to any margin of tolerance specified in the relevant technical equipment document.

Rationale:

1. *The original specifications have only one digital value, which is subject to the technology and means a mathematical rounding from 4.049 to 4.0. With the current devices in the racket control, which measure with 2 digits, two digital values are practical for the control.*
