To the General Meeting of International Table Tennis Federation, Renens

Lausanne, 4 May 2010 th2/4.3

Report of the statutory auditor on the limited statutory examination

As statutory auditor, we have examined the financial statements (balance sheet, income statement and notes) of International Table Tennis Federation for the year ended 31 December 2009.

These financial statements are the responsibility of the Committee. Our responsibility is to perform a limited statutory examination on these financial statements. We confirm that we meet the licensing and independence requirements as stipulated by Swiss law.

We conducted our examination in accordance with the Swiss Standard on the limited statutory examination. This standard requires that we plan and perform a limited statutory examination to identify material misstatements in the financial statements. A limited statutory examination consists primarily of inquiries of the Association's personnel and analytical procedures as well as detailed tests of the Association's documents as considered necessary in the circumstances. However, the testing of operational processes and the internal control system, as well as inquiries and further testing procedures to detect fraud or other legal violations, are not within the scope of this examination.

Based on our limited statutory examination, nothing has come to our attention that causes us to believe that the financial statements do not comply with the articles of association and the accounting policies as set out in the notes.

Notes to the financial statements 2009

2. Summary of significant accounting policies

2.1 Basis of accounting

ITTF uses the accruals basis of accounting in preparing the financial statements.

2.2 <u>Tangible fixed assets</u>

Tangible fixed assets are stated at acquisition cost. When assets are retired or otherwise disposed of, the cost of the asset and the related accumulated depreciation are removed from the accounts. Any profit or loss on retirement is reflected in the statement of income for the period.

2.3 Depreciation

Depreciation is calculated on the basis of the cost of the assets and on their estimated useful lives and is provided as follows:

Furniture and equipment 33.3% straight-line basis
Computers 33.3% straight-line basis
Building 4% straight-line basis
Vehicles 30% straight-line basis
Museum Collection not depreciated

2.4 <u>Deferred income</u>

Any funds received for events to be held in the future, where reimbursement of these funds would be necessary in the case of event cancellation, are deferred in the balance sheet and not recognized as income until the event for which the funds were received has taken place.

2.5 <u>Translation of foreign currencies</u>

The Federation's accounts are maintained in Canadian Dollars (Office of Ottawa) and in Swiss Francs (ITTF Headquarters, Lausanne). The financial statements have been translated from those currencies into United States Dollars by applying the exchange rates as follows:

Assets and liabilities: at year-end rates

Statement of income and expenditure: at yearly average rate

The resulting translation gain or loss is recorded in the balance sheet directly in the funds as a currency translation adjustment.

2.6 Revenue recognition - Olympic revenue

The Federation's policy is that enough Olympic revenue be recognized in each year of the quadrennial in order to eliminate any deficiency of revenue over expenses for the year or at least stabilize the statement of income and expenditure

3. Financial instruments

The Federation's financial instruments consist of cash, accounts receivable and accounts payable. The carrying values of these financial instruments approximate their fair value. Unless otherwise noted, it is management's opinion that the Federation is not exposed to significant interest, currency or credit risks arising from these financial instruments.

4. Related parties
